*NOTE:
South East Motor Co. Ltd., can continue to use the character "A" to represent the
unique 2.9L Engine at their assembly plant.
The duplicate use of character "A" has no impact on Chrysler Group LLC VIN Coding, because
Chrysler and South East Motor Co. Ltd. have different WMI'S (World Manufacture Identifier)
Chrysler will eventually be requesting a character change for the 2.9L engine from
South East Motor Co. Ltd., to remove the duplicate character "A".
